Sarantis Group and SANITAS support the Panhellenic Volunteer Movement's "Save Your Hood" cause

Sarantis Group and **SANITAS**, the trustful and reliable brand for more than 50 years in the Greek market supported the cause of Save Your Hood by providing **3,000 garbage bags, [SANITAS Flex & Strong, made from 100% recycled plastic](#)**. During the previous period, an initiative was undertaken in Oropos, Avlida, Chalkida, and Psachna, resulting in the collection of more than 23,580 liters of waste from various sites, including the Asopos Estuary, Faros Avlidos Wetland, Psachna Wetland, and Aliko Kopanas. The aforementioned locations underwent a successful removal operation, which involved the extraction of plastic bottles, coffee cups, bags, fishing gear, nylon, chairs, tires, old pipes, polyurethanes, and various other portable items. This clean-up initiative resulted in an improved habitat for hundreds of species of birds, animals, and insects that inhabit these sites, providing them with a better environment to thrive and develop. The novel technology utilized in the **[SANITAS Flex & Strong garbage bags](#)** showcases a distinctive mesh texture and 3-layer film, providing unmatched elasticity and durability for even the toughest and most challenging waste materials. Furthermore, these bags are explicitly engineered to prevent leakage effectively. Additionally, they contribute significantly to environmental sustainability being comprised of 100% recycled plastic, further enhancing cleaning efficacy while positively impacting our surroundings. With a core philosophy of "**endless improvement**" **[SANITAS](#)** is firmly in sync with the company's comprehensive sustainable development approach. The goal is to conceive products via unrelenting exploration and advancement that have a reduced environmental impact, keeping in mind the company's eco-friendly strategy.
